

## FOSTER

The furniture is available in sonoma oak color. The collection is represented by both floor and hanging pedestals in three sizes: 60, 70 and 80 cm in width. They are differed by different functionality. The bathroomsets are completed with ceramic washbasins produced by the Russian Kirovit factory. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system, on which the producer gives a lifetime warranty. There is a laminated chipboard inside the drawer in the color of the furniture body. The mirror with a shelf is equipped with an LED light and a switch. The facades and the body are made of laminated chipboard (high density particle board).
