

MANCHESTER

Manchester cabinets are available in two versions: floor-standing with three drawers and hanging ones with two drawers. The head bathroomsets are available in sizes 60, 70, 80 and 100 cm. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are also painted with laminated chipboard (high density particle board). The metal chrome handle is engraved with the AQWELLA logo. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty). The bottom of the boxes is a gray laminated chipboard. A special feature of this collection is the system of organizing the internal space: a plastic tray with 3 storage compartments is installed in the upper drawer. The bathroomsets are completed with ceramic washbasins produced by the Russian Kirovit factory. The Manchester collection can also be completed with MC series mirrored wardrobes, which are universal and can be applied to many AQWELLA bathroom sets. As an additional element, we offer a hanging universal (left / right) pencil case 35 cm wide with two doors.
